SELF-AUTHENTICATING BUSINESS RECORDS AFFIDAVIT:

AFFIDAVIT OF BRADLEY CADDELL - 01697940

"My name is [JAMES STANLEY] and I am an employee of the TDCJ, a governmental agency. I am executing this declaration as part of my assigned duties and responsibilities. I declare under penalty of perjury that the following is true and correct. I am over 21 years of age, of sound mind, capable of making this affidavit, and personally acquainted with the facts stated herein.

"I am the custodian of records for the [HUTCHINS UNIT] of the Texas Department of Criminal Justice ("TDCJ"). Attached are true and correct copies of the [REQUESTED DOCUMENTS] records which are kept by the TDCJ in the regular course of its business activity. The entries of such records were made as a regularly conducted activity and a regular practice of the TDCJ, and were made at or near the time of the occurrence of the matters set forth by, or from information transmitted by, a person with knowledge of those matters."

Executed in [DALLAS], State of Texas, on the 16TH day of JULY, 2014

Subject: offender Caddell 1697940

Warden,

I interviewed offender Caddell 1697940, his housing assignment is A 4-19 the offender states that he did have a fan on him but sometime through out the night another offender repositioned the fan, when he woke up he was sweating so he took a shower, but was still feeling bad. So after count cleared he went to the boiler room where he called G control, and told them he needed to go to medical. At this time he had not worked in the boiler room, he stated that his shift was from two till ten, the offender states that it was not the boiler room that was hot, and that he had gotten hot on the dorms because some one moved the fan.

Offender Caddell arrived at Hutchins 04-6-2011 and was assigned as a dorm janitor, his restrictions at that time were no lifting over 25 lbs, limited sitting, no food service, and do not assign to medical and no temperature extremes. This offender was a dorm janitor up till September 12, 2011, where he was then made a boiler room operator. He was then seen on committee February 16 2012 and promoted to a G1. Offender Caddell was then unassigned medical on 6-11-2012 and as the document shows he is still unassigned medical.

The offender said he never received a lay in stating that he was unassigned medical but has been turning out for work.

During the conversation he stated that he had been interviewed by Sgt. Warfield for an investigation on an assaulted offender on A4 dorm, and has been having a little problem with the other offenders thinking he was the one that told.

At this time I have had the offender moved to another bunk number 35 a heat restriction bunk where there is air blowing on it. The offender is alert and able to make conversation and is coherent, if I find out any more information I will forward it to you.

Date: 6/30/2012

From: Lieutenant K Brown

Subject: Offender Caddell, Bradley
#1697940

On 6/30/2012 at approximately 1850 hours, the Hutchins Unit transported offender Caddell, Bradley J TDCJ#1697940 to Parkland Hospital by Ambulance. At approximately 1645, the offender was escorted to Hutchins medical department complaining of blurry vision and over heating. Ms. Ray LVN took offender Caddell's temperature, which read 100 degrees. Ms Ray determined that she would monitor the offender, keep him in a cool area, and give him cool fluids. Approximately 30 minutes later, Ms Ray took the offenders temperature and at that time, it read 101.4. Ms. Ray again determined that she would continue to monitor the offender and give him cool fluids while he sat in a cool area. At approximately 1830 I, Lieutenant Brown was informed that offender Caddell was in the medical department and that he will need to go to Parkland hospital. Ms Ray stated that she spoke to the provider and he stated that offender Caddell will need to be transported to Parkland hospital by van if he can be transported within 30 minutes otherwise use an ambulance. I went to the medical department where Ms Ray informed me that the offender's temperature was now 101.5. I decided that with the offender's temperature still rising after being in a cool area and having cool fluids, that we will transport him by ambulance. The ambulance arrived at approximately 1845. Hutchins EMS gave the offender fluids via IV. Prior to leaving the Unit, Offender Caddell's Temperature was 98.6. (Taken by Hutchins EMS) Offender Caddell was awake and alert at all times, speaking to Ms Ray and Hutchins EMS.

Offender Caddell is assigned to work in the boiler room and was at his work assignment until approximately 1430 hours. At 1430, the outside temperature was 99.7 and at 1530, the outside temperature was 103.5. The temperature in A-4 dorm was taken at 1502 hours and it read 95.1. The outside temperature was taken again at 1930 and it read 95.3. At 1933, the sally port of A 1-4 building temperature read 94.8. The D-Space temperature read 91.4 and A-4 dorm temperature was 93.5. Offender Caddell housing assignment is A4-19. The fan is blowing slightly into his bunk area.

Offender Caddell was recently moved from A4-37. On 6/18/2012 offender, Caddell was on the heat restriction list, but he is not on the list in his current housing. There was cool water in the dorm at the time of offender Caddell being transported. Duty Warden Major Terry May was initially notified of the incident at approximately 1900 hours and as the updates was received.

Once offender Caddell returned to the Hutchins Unit, He was placed in G-Building holding cell, monitored every 15 minutes and given a mattress and cool water. The offender will be evaluated once medical staff arrives on the unit at 0600 hours.

Per Major May, all information will be passed on to him for review.

Ok, thanks for the message.

The offender shouldn't be assigned to the Boiler Room if he has a restriction of no temperature extremes.

Please ensure we change the offender's job assignment to a job that is compatible with his HSM-18.

Please keep me updated on his condition.
